FOR SOCIAL RESPONSIBILITY**

Mr. Charles R. Tutwiler  
51 N Pine Circle  
Bellair, Florida 33756-1639

Dear Mr. Tutwiler:

On behalf of the Huntington YMCA and myself I would like to thank you for your contribution of \$5,000.00. Mr. Lance West brought the check to the Huntington YMCA today and we talked about what you would like the contribution to be used towards. Your request coincides with our mission at the Huntington YMCA in never turning anyone away because they can not afford a membership. Also we work very closely with the Armed Services in our area. Ms. Nannette Adkins who is our Associate Director is US Army Veteran and has a passion for working with current military personnel, veterans and their families. We discount our memberships 25% to all military personnel (active and veterans) we also reduce the memberships lower for those who are having financial difficulties.

The Huntington YMCA also issues over \$100,000 in reduced memberships to those in the community having financial difficulties (youth, adults, disabled and handicap individuals, families). Your contribution will enable us to continue serving those less fortunate in our community and give them alternatives to interact with other members, be active with the children and feel they are wanted.

The goal of our YMCA is to be an intricate part of the Huntington and Tri State Community by offering programs, facilities, and an attitude that we want everyone involved with the Huntington YMCA and with out individuals like yourself it would be very difficult for us to reach our goal.

It makes me very proud to be a staff member of the Huntington YMCA knowing that we had an impact on your life that you would remember us and make such a generous contribution. Thank you again for your commitment to the Huntington YMCA and to our community.

Sincerely,

George Smailes, Jr.  
Executive Director  
Huntington YMCA
