Mr. Charles R. Tutwiler & Assoc.  
2203 N. Lois Avenue  
Suite 416  
Tampa, FL 33607

Dear Mr. Tutwiler:

I would like to take this opportunity to thank your organization for all of it's assistance with the devastation fire I incurred on December 24, 1990. Your organization was recommended to me from two personal friends who had utilized your company's expertise to assist them with devastations that they had incurred. Upon realizing the complexity in trying to deal with the insurance company and the legal matters necessary for me to claim the cost incurred to rebuild the structure, I contacted your office and was immediately contacted back explaining what type of assistance your company could provide. At this point I realized that your company had the expertise and knowledge that was going to be necessary for me to obtain my damages.

Your organization assisted in a professional and swift manner, thereby assisting me in completing a project which may have taken me months or years to try and complete had I tried to tackle the situation on my own. Your organization was not only conscientious of my needs but also concerned that I would loose no grounds as to my cost to rebuild and that which the insurance company felt it could be done for.

I sincerely appreciate your assistance and time in helping me to have the complete project behind me in such a short manner, I will have no problem in recommending your services to anyone in the same fashion that you were highly recommended to me.

Sincerely yours,

*Paul F. Schelfo*
