To Whom It May Concern:

Several years ago, I had the misfortune of losing a warehouse to fire. The warehouse contained most of our inventory used in day to day operations. The most important task was to maintain our manufacturing flow and supply our customers. Filing an insurance claim seemed almost insurmountable at the time. Making a call to Tutwiler and Associates was one of the smartest decisions I made in the whole process. In particular, Mike Platts, our adjuster, came in immediately to study our policy and organize our claim for submission. In a bad situation the outcome was dramatic. Mike's attention to detail and his expertise on both sides in the insurance industry made him such an asset.

We all pay for insurance with the hope we never have to use it, however, should the situation arise I would recommend Mike Platts and Tutwiler without hesitation.

Sincerely,
