On behalf of the Board of Directors and residents of Harbour Towne Condominiums, I would like to express our sincere appreciation of your efforts in regard to the insurance claim with Allstate. Without your assistance, one of two things would have occurred: we would not have new roofs on our buildings or we would have been forced to approve a very large assessment to accomplish what you have done for us.

We are very thankful that our paths crossed and we certainly know who to contact if we have similar problems in the future.

Sincerely,

*Audre M. Mennes-Locker*
