RE: Fire Loss, Rome Ave. Building

Dear Dick:

I would like to take this opportunity to extend to you my sincere appreciation for the competent and expedient manner in which my recent claim for fire loss was managed. Your knowledge, persistence and commitment to a thorough, prompt representation was vital to the success of our claim's recovery.

Despite the various attempts of the insurance company to evade the key issues of the coverage, your persistence and knowledge of the policy proved essential to the total attainment of the claim.

Again, I reiterate the assurance and confidence you have conveyed throughout our relationship. I have certainly enjoyed working with you. Your prompt, professional services have been greatly appreciated.

Sincerely,

Jaime Jurado
