Dear Dick:

I just wanted to thank you for all your help with my House and Family. My Wife really appreciated all your help, concern, and the way you handled this Claim.

This Fire could not have come at a worst time with Christmas and me having a Grand Opening in 5-days at one of our Hotels. That's why I called you before anyone and felt comfortable knowing you would handle all and I could devote my concerns to settling my Family and getting ready for the Grand Opening.

This ended up being a long and difficult Claim, but at least it's over and I really appreciate yours and Dale's help and concerns.

Sincerely,

  
TERENCE J. MCCARTHY
