Re: Michael Platts
Flood Claim

Dear Person,

I am happy to report our Condo Association has received payment in full for our flood claim caused by tropical storm Debby on 6/24/12. Mr. Platts was extremely helpful in handling all aspects of this claim. With his input we were able to increase the scope of work beyond our initial expectations to cover all items that our policy allowed. I feel his knowledge in this area more than covered your fees, plus he handled almost all communications with our insurance company. Paid in full within 2 ½ months including recoverable depreciation was a very successful outcome.

Please feel free to use us as a reference in the future.

Sincerely,

Thomas E Harper
